

KING
athletics

We are a proud Canadian owned company, that domestically manufactures 100% of our garments.

Where we source our materials is one of our top priorities.

King's suppliers are all located within North America and utilize today's latest technology.

Our yarn is from North Carolina, U.S., which is then knit in Montreal, Quebec. From there, it is shipped to Ajax, Ontario where reactive dyes are used to ensure the absolute lowest carbon footprint.

Fabric is then cut and sewn in both Calgary and Toronto.

The King Athletics, line of apparel, is available nationwide through our distributor channels.

From Coast to Coast, we're manufacturing the products Canada needs.

Thank you, for your continuing support.
